Hi Austin, Linda, Collin, Maria, Eric, Kris, Chad, Kelly & Taylor,

Your charter on Do More has been confirmed! The paragraphs below cover key details for your upcoming charter so please take a moment to review them.

Your Statement of Account: You'll find a current Statement of Account attached for your records, showing your 25% deposit paid.

Your Next Steps: Your next steps should include securing flights, hotel stays, and trip insurance if you opt to purchase it. Trip insurance companies typically set time limits for purchasing certain coverage types, so we recommend buying your trip insurance as soon as possible, usually within 2 weeks of your initial deposit date. You'll find general details regarding trip insurance, "getting there," plus some hotel recommendations within your charter portal.

Your Charter Portal: You now have full access to your charter portal area, a non-public portion of our website. Your charter portal contains information and details for your upcoming charter, including your online preference form. Rest assured that we will send you advance email reminders regarding any upcoming payments or other key items that need to be addressed for your charter. You can access your charter portal via our website's main navigation page or by clicking the following link and inputting Austin's email address/password: <https://www.carefreecharters.com/login/>

Password Security: If sharing your password, please do so via text versus email to protect the financial information contained in the system.

Preferences for your charter: I'll remind you about this later, but you'll want to complete your preference form about 6 weeks prior to your charter start date. Our online preference form saves in the background as you complete it, allowing you to return to the form several times while you work on it. This will also allow your group to sign in to the portal using Austin's email address/ password and work on one preference form from different locations at different times, if necessary. In other words, only one person or couple should work on the preference form at a time. Once everyone is happy with the finished preference form, hit submit. Once you do, the preference form will be delivered to our inbox.

Contact with your crew: Adrian, Emma & Georgina will reach out to you directly, typically about 2 weeks before the charter start date. That's when you can ask last minute questions, discuss thoughts on itinerary, and receive emergency contact details for the yacht. In the meantime, we will remain as your liaison for any questions that arise.

Itinerary for your charter: On Day 1, you can further discuss the itinerary plan, the Captain will assess the weather, and off you'll go. The itinerary is flexible and anchorage choices will be based on what the group wants to do, what you're liking most as the charter progresses, plus what the weather is doing that week.

Please let me know what questions you may have at any point.

Thank you,

Lynne Campbell
