Scuba Diving Details

For any guests that have an interest in scuba diving or learning to dive, please provide further details below. For certified guests, please include (by guest name) information about their certification level (such as Open Water, Advanced), which association they are certified through (such as PADI, NAUI), approximate number of dives and approximate date of last dive. For non-certified guests, please include (by guest name) which course they have an interest in (either a Resort Course for non-certified guests or a PADI Referral Course with class/pool/exam completed at home and then the 4 open water check-out dives completed with an on-board Dive Instructor). It is recommended that Referral Courses are completed with your local PADI scuba facility as most Dive Instructors in the islands are also associated with PADI. Also, if your yacht does not have an on-board Dive Master or Dive Instructor, then diving or diving instruction will need to be scheduled with and take place with one of the local rendezvous dive companies at an additional cost.

I have no interest in scuba diving.

FOOD PREFERENCES

In general, your menu and meals will be tailored to the group's likes and dislikes, not those of any single individual. It is very important for the crew to be aware of any dislikes for the group or any specific dietary requirements per guest. For the following proteins, please check the box for yes, indicating that your group would enjoy that protein during the charter. Also note any special likes for each protein checked, such as filet mignon next to beef. Under special dislikes, please make sure to note each guest that dislikes any particular protein. Simple substitutions (such as chicken versus fish) or kid-friendly items can be accommodated.

BEVERAGE PREFERENCES

Please note that your charter includes "standard bar", meaning soft beverages, beer, wine, spirits, cordials & cocktails in a reasonable quantity for a group of your size. Depending upon your overall beverage requests, your requests for champagne or higher-end wines and spirits may come at an additional cost. Excessive beverage requests for a group of your size will also come at an additional cost. Please try to limit your choices as much as possible as storage space aboard the yacht is limited. When estimating beverage quantities, consider how many beers, glasses of wine, or mixed drinks each guest can consume on a given day and keep in mind that restocking of basic brands mid-week is an option.

Sodas/Juices/Mixers:

Please list the sodas, juices and mixers that you would like to have aboard. For each one listed, please note an estimated quantity.

Bottled Water vs Filtered Water:

Please state if you would prefer bottled water only or if drinking your yacht's pure, on-board filtered water (if available) is preferred. Most charter yachts are now capable of providing pure, filtered water made by on-board water makers. [?]

Beer:

Please list the beers that you would like to have aboard. For each one listed, please note an estimated quantity.

Wine:

Please list the types of wine that you would like to have aboard (chardonnay, pinot grigio, cabernet sauvignon, for example). For each varietal listed, please note an estimated quantity in bottles. You may also want to leave the choice of varietals up to the crew so that the chef can match the wine with the food being served.

Spirits/Liquor:

Please list the liquors that you would like to have aboard, noting any favorite brands (Rum, Vodka, Tequila, for example). For each one listed, please note an estimated quantity in liters/fifths.

Cordials:

Please list your favorite cordials that you would like to have aboard, noting any favorite brands (Baileys, Kahlua, Sambuca, for example). For each one listed, please note an estimated quantity in liters/fifths.
