Hi Austin, Linda, Daniel, Lizzy, Eric, Kris, Chad, Kelly & Taylor,

Below, please find specifics regarding your contract, signing your documents with DocuSign, confirmation of your charter, your Charter Portal, payment details, trip insurance, passports, flights and hold challenges.

This email contains everything you need to move forward with your charter on Do More. As noted below, once we receive Austin's DocuSigned contract and have a 25% deposit in hand, we'll be able to confirm your charter. I've attached my broker signed version of the contract for your easy reference, but since we'll be using DocuSign for signing all Charter Documents going forward, Austin should also now see a separate email in his inbox from DocuSign, for his signature on the contract, once ready.

Specifics for Do More:

DO MORE 62 Feet. (Cat)

Sleeps 10 Guests in 5 Queen(s)

E-brochure: <https://www.carefreecharters.com/yachts/do-more/>

Amenities: 2013 Lagoon Catamaran, Captain & Chef, full air conditioning, fly-bridge deck, 5 Queen cabins, each with en-suite bath

Water Sports: dinghy with 60 hp engine, e-foil, 4 sea scooters, adult water skis, wake-board, tube, snorkel gear, two 1-man kayaks, 2 stand up paddle-boards, floating mat and beach games

Scuba: The 3rd crew member is a Dive Instructor that offers 7 dives per week for certified guests. The first 3 dives are free of charge with additional dives at a cost \$75 per diver. Scuba gear is extra, renting for approximately \$200 per set per week. A Resort Course is available for non certified guests at a cost of \$175 per student, with a maximum of 4 students in the course.

Contract Information: The contract is the current version of the CYBA contract (Charter Yacht Brokers Association) of which I am an Active Member. This standard contract is identical for every yacht, except for information specific to Do More, which is contained in the header portion or within "Special Conditions" on page 2. Please let us know if you have any questions regarding the contract.

Contract Signing: I've attached my broker signed version of the contract to this email for your easy reference, but as we'll be using DocuSign for signing all Charter Documents going forward, Austin should also now see a separate email in his inbox via DocuSign, for his digital signature on the contract, once ready.

Confirmation of your charter: In order to confirm your charter on Do More, we'll need 2 things:

- A DocuSigned contract
- A 25% deposit in hand

Your Charter Portal: The email/password combination that Austin established will be used by your group going forward. Once your charter is confirmed, you'll gain full access into your Charter Portal. This private and secure portion of our website includes key details regarding your charter including your payments, trip insurance, your online preference form, plus some other general charter information. If sharing your password, please do so via text vs sharing across email to protect our banking details which are provided in the system. Login here: <https://www.>

Payment Options: For payment, you have a couple of options, listed in order of our preference. (Please note that we only accept up to 50% of the Charter Fee on credit cards):

- **Deposit a Check:** made out to Carefree Yacht Charters at any Wells Fargo branch, even if you don't bank there. This convenient method comes at zero cost to you, will immediately post in our account, and is therefore our preferred method. You'll find Deposit Instructions within "Banking Details" in your Charter Portal.
- **Wire Transfer the Funds:** You'll find Wiring Instructions within "Banking Details" in your Charter Portal.
- **Pay by Credit Card:** We accept MasterCard, Visa, American Express and Discover, but per our merchant provider, we do require a credit card authorization form for each transaction amount that we process. Please note in advance that we will accept up to 50% of your Charter Fee via credit card(s), but that your final 50% payment must be paid by deposit(s), check(s) or wire(s). While we allow our clients to pay up to 50% via credit card(s) for their convenience, the ability to get points, etc, we also require that the final 50% payment is received in another form due to the 3.5% processing fees that we absorb on our side for each amount processed.
- **Access to our Deposit & Wiring Instructions:** You'll find a link to our Deposit and our Wiring Instructions within "Banking Details" in your Charter Portal. Login to your Charter Portal here: <https://www.carefreecharters.com/login/>

Credit Card Authorization Form Instructions: If opting to use a credit card or credit cards, please follow these instructions.

- **DocuSign the Authorization Form:** If using a credit card, an authorization form is required for each amount that we process. Please note that the person whose name is on the credit card that you'll be using, must also be the person who DocuSigns the authorization form via their email address. Once you confirm whose name is on the credit card that you'll be using, we'll then send an authorization form to their email address via DocuSign. That authorization form will also allow you to submit and process your credit card via an Authorize.net payment gateway.

Further Payment Details: Your additional payments will be due as follows, as noted in the contract:

- A 2nd 25% Deposit is due 6 1/2 months prior to the charter start date or October 4, 2026
- Your Final 50% Payment is due 45 days prior to the charter start date or March 4, 2027
- A standard crew gratuity should be paid to the Captain at the end of the charter. The Captain will split the gratuity equally among the crew members.

Trip Insurance: As some trip insurance companies may have time limits as to when certain types of coverage can be purchased (such as Cancel for Any Reason Trip Insurance), we recommend researching trip insurance prior to booking and then purchasing your trip insurance as soon as possible after your first deposit is made. You'll find some general details regarding trip insurance along with some industry recommended trip insurance sources via the "Trip Insurance Link" in your Charter Portal. Access your Charter Portal here: <https://www.carefreecharters.com/login/>

Passports: Per CLAUSE 3. B. under General Conditions in the contract, "The CHARTERER and all Guests understand that passports shall be required to legally clear through Customs if a foreign country is visited during the Charter. The CHARTERER and all Guests are responsible for ensuring they have a valid passport and acquiring a travel Visa if required due to their citizenship."

Flights: In general, arriving flights the day before your charter starts or the day your charter starts and then departing flights in the mid to late afternoon after you disembark the yacht are typically suggested. That said, we also recommend that you run your planned flights by us before confirming them so that we can ensure that your flight times align well with your planned charter. The St. Thomas airport code is STT and the Beef Island/Tortola airport code is EIS and your charter will run from Noon to Noon. If you haven't already done so, please visit our "Getting There" page within your Charter Portal for further guidance and details. Access your Charter Portal here: <https://www.carefreecharters.com/login/>.

In the Event of a Hold Challenge: As a reminder, there is always the possibility of a challenge from another

broker/party on our hold. If challenged, we would be immediately notified by the Clearinghouse/Management for the yacht, and we would then have 48 business hours from the time of the challenge, to either confirm the charter on our end (with a DocuSigned contract and appropriate deposit in our hands) or we would have to give up the hold to the challenging broker/party. Please note that we can easily beat a challenge with a DocuSigned contract plus a credit card deposit.

Please let me know what questions you have.

Thank you,

Lynne Campbell

Hey Lynne,

Going over the contract and getting ready to sign shortly. The flights I'm looking at are:

OUT AA 842 + AA 4323 · Apr 16 · LAX 10:59 PM → EIS 11:22 AM

BACK AA 4313 + AA 1485 · Apr 25 · EIS 4:54 PM → LAX 12:42 AM

I'm planning on staying overnight on the island before the charter begins on the 18th. That 11:22AM flight seems to be the earliest arrival available from MIA. If someone hit delays and ended up needing to come in on the 11:22AM flight from MIA *on the day of the charter* is that crazy? That seems pretty close to the noon start time, but maybe it's OK since we can just wait for them to catch up? Just not sure how tight the boat's schedule will be, or maybe since it's our charter it doesn't really matter if someone is a little late? Just trying to imagine my possible issues before they appear.

On Passports, I can confirm everyone's passport is up to date or they're in the process of updating it.

On payment, I can do anything but yes, I'd prefer to put the maximum allowable amount on my credit card for the reasons you suggested, so if possible we can start there, I'll sign the authorization form along with the contract itself.

Thanks,

Austin

This happens on occasion and the yachts simply adjust to accommodate all arriving guests. Please note that I am happy to take each couple's portion on their own card if that's preferred by your group? Or I can take the entire deposit on your card. Your choice. I'm assuming in advance that the name on your card is "Austin Fitzpatrick", but please let me know if any different. Also, if you'd still like to pay the entire amount with your card, I can correct the DocuSign and include the credit card authorization](#)

form along with the contract. I've attached the authorization form here for your reference, but you'll need to DocuSign it for the payment portion to work.

Hey Lynne,

Awkward timing but we've had a guest change. We'll need to remove Daniel and Lizzy Ellis and replace them with:

Collin Tollefson and Maria Perry

Collin collintollefson@gmail.com

Maria mostfacinorous@gmail.com

Hopefully it's easy enough to alter the mailing list. There's no hard feelings anywhere in the group, just the reality of deposit day, I think. I have additional interested parties as well in case anything shakes up later on as well so this is not a concern from my side.

Still looking to get you these signed documents by tomorrow at the latest.

Austin

Lynne,

I docusigned, then I re-read your email and saw you asked me to let you know about payment first. Hopefully not too much trouble.

Yes, I'd like to pay for this entire deposit with my credit card, the next one too if I can. I can wire or write a check for the last part. If that's trouble on your side though I can adjust, I'm not picky just a preference.

Austin

PS: replying on top of the above note about guests, swapping in Collin and Maria just to make sure it's been seen.

Good morning Austin,

I received your signed contract via DocuSign - thank you.

No problem on the guest exchange. I just updated the Email Group, switching out Daniel and Lizzy for Collin and Maria.

Also, no problem with you paying for each deposit, including the first and second 25% with your credit card. That is all perfectly fine.

I will send you the authorization form via DocuSign shortly.

Thanks,

Lynne Campbell
